VOLUME 37

FRIDAY, AUGUST 2nd, 1944

NUMBER 13

Funeral Services For Arthur Pope

Funeral services over the remains of Arthur Pope, whose death was reported last week, were held in the 2nd Ward Church Friday afternoon with a very nice crowd of friends in attendance. Bishop L. L. Palmer was in charge and the choir was conducted by Jos. McLean, member of both wards adding to its numbers. A nice profusion of flowers decked the casket and covered theasket.

The opening song was "Abide With Me," with prayer by Lee Brewerton. Bishop Palmer made a few opening remarks and called on "Teddy Wagstaff, president of the local branch of the Legion as the first speaker. He stated that deceased had been a fine soldier and had given the best years of his life to his country. As a member of the local Legion Art was always in the lead. He had never been asked to do anything that he had not done gladly, and in the salvage drives which the Legion had sponsored, Art Pope's work was outstanding.

The choir sang "The Lord is My Shepherd."

Bishop J. H. Walker spoke next and expressed his appreciation of the fine character of deceased. When he first hired Art Pope in Lethbridge to work for the Knight Sugar Co. he was hired for three weeks and he stayed nine years. Then deceased worked for himself for a number of years, and for the last two years he had been working again for Mr. Walker. Art had always been one of our most trusted and dependable employees and we have appreciated this fact. He spoke of deceased as a religious man and then spoke of the conditions and experiences that come to us, the purpose of life, and the inherent faith in all of us of the reality of the Resurrection although we do not all understand it alike.

On behalf of the Legion President Wagstaff thanked everyone for their assistance in the way of flowers, cars and the attendance at the services, also for the use of the hall.

The closing song was "I Need Thee Every Hour" and benediction was of fered by Elder C. E. Allred.

Interment services were in charge of the interment at the cemetery and the grave was dedicated by Bishop J. O. Hicken of the First Ward.

L. Letal and Jimmy May of the Sugar City Motors were Lethbridge visitors Wednesday.

WELCOME HOME PARTY

A welcome home party is being held in the 2nd Ward Recreation Hall tonight in honor of Mrs. S. B. Smith and Elders Robert Walker and LaRay Anderson recently returned from missions for the L.D.S. Church and Elder Robert Spackman who is home on leave after two or more years service overseas. A good program is arranged and an enjoyable time anticipated.

LISTED DEAD OVERSEAS

George Wm. Winters, 19, son of Mr. and Mrs. Cecil Winters of Raymond is reported dead in South Africa. Details are lacking. The young stoker seaman was born in Raymond and was in the Merchant Marine before joining the navy.

NEWS NOTES

Mr. and Mrs. Art King spent the weekend in Waterton where Art took part in the Golf Tournament staged there.

Rotary on Monday was featured by a twenty minute quiz on details of voting, ballot counting, marking an election. It was very interesting and enlightening.

F. O. Mahlon Smith who was recently operated on at the Military Hospital in Montreal is home on a two weeks sick leave and seems to be getting along very well.

A telephone call Thursday morning from Heber F. Allen said his father was operated on that morning and his condition is anything but good. We wish Pres. Allen the best of luck in his convalescence.

The Hon. Solon Low was in Stirling Wednesday evening for a Rally meeting and from reports from the Stirling people a really enjoyable meeting was held with a good attendance.

Pres. H. S. Allen pioneer business man of Raymond and St. George's President for 34 years is quite ill and is preparing for an operation in the near future. We wish him a speedy recovery.

The infant of Jos. and the late Gladys Navaril passed away Saturday night just two weeks after the passing of the mother. We extend our deepest sympathy to the sorrowing husband and father in his double loss.

Willis Taylor of the Medical Corps of the U.S. Army at Fort Sheridan, Ill., is home on a two weeks leave and has spent the past week with his parents and family at Waterton Park. He left on Wednesday to return to his post.

Robert Spackman, recently home from service overseas and Cyril Layne who returned a month or so ago from a short term mission were speakers in the 2nd Ward Sunday evening last and gave very interesting talks.

A very enjoyable fireside was held Sunday evening at the Scott Salmon home by the 2nd Ward M. Men and Cleaners. Robert Spackman was the main speaker and gave some interesting experiences. Teddy Wagstaff, a veteran of World War I who had been to many of the same places in England as Robert added to the enjoyment of the evening with some of his experiences.

Test Your Cows

As a matter of protection for you and your family, and for those who may be obtaining their milk supply from your herd, you should have your cows tested and get a bill of health respecting them.

To make this possible, and at a cost all can afford to pay, arrangements have been made to have a registered veterinarian here on Aug. 14 to make the first T. B. Test and the Bangs disease test, and then back again Thursday for the final T. B. test. The cost will be \$2.00 per cow for both tests, and then you will KNOW exactly how safe your milk supply is.

The Mayor and Council of the Town are backing this 100 p.c. M.C. Vance is making the bookings for the cows to be tested and anyone can make arrangements with him. Two things to remember. Have your cow at the appointed place on time, and have your money ready. Remember the date and for safety's sake, get your cows tested.

Two Political Meetings Held This Week

WILL THERE BE ANY CHANGE

After next Tuesday, regardless of the outcome of our election, we wonder if there will be any change much in the conduct of the business of our province. Watching elections over a period of years, both in provincial and Dominion elections, we have noticed very little radical changes, despite promises of every thing from a slice off the moon to surfaced roads all over the country during election campaigns.

Changes come, but they come gradually; they come more as a result of education of the people than they do any changes in Government. Public sentiment commences to look a certain way, soap box orators start talking along a certain trend of thought and community opinion is moulded. These whisperings get to the halls of Government, and lo and behold a new piece of legislation is born. Called vote catching by some, propaganda by others, copying by another group, and so on, and yet it is an answer to the demand of the people. In a way, this is democracy at work. After all does it matter greatly whether it be one party or another that brings in the legislation, so long as progress is made and the majority of the people are being served better and better.

The war has brought home many lessons. Much legislation has been enacted that in our humble opinion has been in the right direction. We hear a great deal of grumbling about the Income Tax, and no doubt some of it is justified. On the other hand, we have never had a law that put the load where it was easier borne than the Income Tax. It is a sort of levelling out tax. Everyone is given an amount that guarantees a good high standard of living before his income is nicked. After that if he improves his property to evade Income Tax, if he increases wages or bonuses to his employees, or if he merely pays in more in Income Tax to the Government, it amounts in the long run to the same thing. It is making more work, it is raising the standard of the lower classes, or it is adding to provide funds for Family allowances, dividends, or greater Old Age Pensions, all of which is in the line of progress for better times for the greater number.

For centuries we have read and sung and preached about "Love Thy Neighbor as Thyself," and that is about all we have done, indirectly though it may not be in the approved manner although we are bringing the practical part of this message into our lives today. The old caste system, while not rearing its head in the wildest manner perhaps, has just the same been a factor in our social life for a great many years. The \$5,000.00 class have been above and out of reach of the \$1,500 class many of them have taken a delight in spreading it on. Present day trends point to bringing the higher brackets down a little and raising the lower brackets somewhat. Will the nature of man change with this change and will we be able to feel a little better toward each other or will the feelings of disregard for the less fortunate still exist amongst us. We, the people hold the answer to this.

If this is the part of Government to safeguard the interest and humble rights of the majority then every elected representative should assume his duties in sobriety and with a determination to do just this. So far as we know, our present campaign has been conducted without rancour, backbiting or unpleasant news reports to listeners from coast to coast—including the folks back home in Moose Jaw.

On Monday evening last the C.C.F. Candidate R. B. Eshom and Elmer Roper, Provincial Leader of the C.C.F. addressed a public meeting in the Opera House with about 100 people present. Alfred Zaugg, official agent for Mr. Eshom was Chairman of the meeting.

Mr. Roper outlined the C.C.F. platform and explained how his party proposed to nationalize the natural resources and water power of the country, and which would furnish much capital for government expenditures so that taxes be cut way down or entirely eliminated. Educational opportunities including college and the professions could be provided every boy and girl in the province regardless of family finances. He criticized the present Provincial Government for only going part way in the solution of some of these problems and still leaving the vested interests free to increase their profits off the things which should benefit the people as a whole.

Mr. Eshom promised his very best in every worthy cause if he were elected to represent the people of this district and endorsed what Mr. Roper said.

On Wednesday evening a good crowd was present to listen to J. C. Mahaffy, here in the interest of our member J. H. Walker, independent leader who was attending other meetings and unable to attend.

Melvin T. King, official agent for Mr. Walker was Chairman of the meeting and after the opening exercises introduced the speaker.

Mr. Mahaffy spoke on "Why I am an Independent" and gave a very logical and convincing talk. Lack of the sarcasm for the opposition parties, and the attacks on individuals and policies that characterize too many political gatherings, the crowd thoroughly enjoyed the talk and left the meeting with a very high regard for the speaker who delivered his message in an intelligent manner and said nothing that would cause friend or foe to take offence.

NEWS NOTES

Jas. H. Walker has had another busy week in election work. Thursday he was in Deer Park for the afternoon and Medicine Hat for the evening.

Miss June May, accountant at the Treasury Branch left Wednesday evening by train for Spokane, where she will spend a part of her holiday with relatives.

People were present at Graham's Sale Wednesday from all over Southern Alberta and everything offered was sold at fair prices though not as high as some sales.

C.W. Brewerton is reported as feeling much improved this week and we know his many friends will be glad to hear of this improvement.

A grass fire started on the ridge south of town last week. Being noticed just as it started it was extinguished before any great damage had been done. Eighteen men were fighting it and their quick response and willing work saved what could have been a disastrous blaze.

That when the voting is over that victor and vanquished will feel as well towards each other as they did before, and that the voters in expending their franchise will be guided by their own best convictions and personalities. We compliment our not be going hither and you by every wind of doctrine.

Mrs. Rasmussen Passes Away

Mrs. Hannah Z. Rasmussen, aged 90 years, last June, mother of the Rasmussen boys here in Magrath and the dead in the Cardston Temple Hill Spring, and Mrs. Free Clifton of Magrath, passed away at the home of her daughter Mary in Magrath about 6 a.m. Thursday morning from advanced age and contributing causes.

"Grandma" Rasmussen as everyone knew her moved from Magrath to Cardston with her husband many years ago and soon after their move her husband was killed when thrown from a horse. She had resided there and had done thousands of miles for the dead in the Cardston Temple where she was a regular attendant until her sight failed her and she was forced to leave of this work. She spent about three years with her son George and family just out of town, and a month or two ago went to Magrath to stay with her daughter Mary Clifton. Funeral arrangements were not announced yet. We extend our sympathy to the family in their bereavement.

Appeal For Harvest Help By MacNamara

Arthur MacNamara, Director of National Selective Service, has made an urgent appeal by letter to all employers in Ontario, Quebec and the Maritimes to grant employees temporary leave of absence for work on local farms whenever it is possible to spare them. Also, Ontario employers are urged to release men who can be spared, to go to the Prairies for harvesting there later on, under the Dominion Government transfer plan.

It is felt that the logging and pulp wood industries in these provinces may be in the best position, because of the summer slack season in logging operations, to release a large number of workers for the vital job of harvesting farm crops, so that a special appeal to curtail summer woods cuts has also been made. Fruit, vegetables, and other farm produce must be saved by harvesting when ripe, it is urged.

CONFERENCE NEXT WEEK

Quarterly Conference of the Taylor Stake of Zion will be held Saturday and Sunday, August 12th and 13th. It is pre-eminently an Aareole Priesthood Conference and Bishop Marvin O. Ashton of the Presiding Bishopric will be present representing the General Authorities, and a member of the Church Welfare Committee will be here. A field day for the boys will be held Saturday afternoon. More details next week.

Mr. and Mrs. Jos. Woolley and family left Tuesday forenoon for a few days at Waterton Park.

CBC News Announcer

Earl Cameron is the voice listened to by many of our listeners. Not very long after that, the better business the day's news, presented over the Trans-Canada Network of the CBC, for Toronto. Now, this former hard-ware authority presents the latest news reports to listeners from coast to coast—including the folks back home in Moose Jaw.

Stamp Out Hitler with War Savings Stamps!

The Frank Taylor family returned home Monday evening after a two nights freshened things up a little weeks vacation spent in Waterton and will help the feed situation some. More is needed.

Frank Taylor, Roi Stone and Art King represented Raymond's golf enthusiasts in the Tournament at Waterton on Saturday and Sunday.

The 1st Ward Scouts are in camp this week at Camp Kotenat in Waterton Park. Steele Brewerton is in charge of the troop.

We have not heard of any combining yet in the immediate district but binders are now in a number of fields that are going to be threshed. Louis Brandley was cutting a field of oats by the side of the Chaddock road on Wednesday and it looked like a very good crop.

Kay: "When I'm in the dumps I got another hat."
Fred: "I wondered where you had been picking them up."

WHAT ARE YOU PLANTING?

"Life is a garden, thought is seed: What are you planting, friend? A fruit, a flower, a noxious weed; Sweet charity or bitter greed; Love and honor or selfishness, Waste to worry, or thrift to bless, What are you planting, friend? By and by we'll garner our grain, What are you planting, friend? Health, contentment, grief or pain, June sunshine or November rain, Your garden is your work alone, And what it yields is what you've sown, What are you planting, friend?"

To Send Funds!

When you wish to send money to any point in Canada, it's a good idea to go to your local TREASURY BRANCH.

They are authorized to sell drafts for amounts over ONE HUNDRED DOLLARS... drafts that are negotiable at any point in Canada.

Your Treasury Branch, or specified agent, will be glad to sell you money orders, negotiable anywhere in the Dominion, for amounts up to, and including, ONE HUNDRED DOLLARS.

See your local Manager or Agent for FULL DETAILS.

Must have 1/2 or 3/4 ton truck. Repair Shop will be provided. Headquarters at Carleton Place. Applicants must state qualifications, age, salary expected by the month, rate per mile on truck. Apply National Selective Service.

Mrs. Heber Coles was very ill over the week-end and is still far from well. Her husband thought she had improved just a little but Tuesday we wish Mrs. Coles a speedy recovery from her illness.

WINTER WHEAT

Winter Wheat has been attracting more attention in recent years. The chief reasons for this are the increased price for winter wheat, due to war conditions, the distribution of the harvesting period over a longer period of time and the fact that with the use of improved varieties and better seedling practices the crop can now be grown more successfully.

Previous to the war winter wheat generally sold at from five to ten cents per bushel below spring wheat, but during the war years, since it could not be imported from the United States, it has been commanding a definitely higher price than spring wheat. The premium for winter wheat for the past year has been ten cents per bushel.

Winter wheat ripens from one to two weeks earlier than spring wheat. Many farmers who aim to do practically all of their own harvesting are finding it advantageous to lengthen their harvesting period by a couple of weeks by devoting a portion of their crop to winter wheat. The fact that winter wheat could also be marketed early and not included in a farmer's quota has also tended to popularize it.

In the early history of winter wheat growing in Southern Alberta losses occurred from too early seeding and from using non hardy varieties. Root rot resulted from too early seeding, but it has been found that this can be avoided by delaying seeding until the first of September. Tests conducted at the Lethbridge Experimental Station over a period of years have shown that Kharkov, preferably the M.C.22 strain, is one of the best varieties to use.

Winter wheat has killed out completely only once in twenty-eight years at the Lethbridge Station and it gave an average yield for that period of 27.3 bushels per acre, as compared with 25 bushels per acre for spring wheat.

AS LONG AS THERE ARE BETTER THINGS TO DO, MEN WILL BE NEEDED TO DO THEM AND SHOULD AND CAN EXPECT SECURITY FOR THEMSELVES AND THEIR FAMILIES IN RETURN FOR THEIR EFFORTS.

THESE ARE THE RESPONSIBILITIES OF GOVERNMENT AND THE THINGS THE INDEPENDENTS STAND FOR.

READ THE INDEPENDENT PLATFORM.

Inserted by the Independent Citizens' Association of Warner Constituency.

To the Electors of the Warner Constituency

The Government will be returned on its good record of administration and for its great fight for orderly reform. There now exists no serious threat to its continuance. Figure it out for yourself.

The Independents have been able to place only 37 candidates in the field, many of them in strong Social Credit constituencies. They would have to elect 31 of these to form a Government, and everybody knows this is impossible.

The C.C.F. blitz has failed, and their influence has waned through overplaying a dangerous hand.

The Warner Constituency is entitled to efficient and unprejudiced representation on the Government side of the House. Help to give it that representation on Tuesday next by voting,

"1" for Solon Low,

the friendly Champion of the right of every man to an abundant life. Solon rests his case in your hands, and is prepared to accept without bitterness or rancor the verdict of the electors of the Warner Constituency.

Inserted by the Warner Constituency Social Credit Association
